Minutes

Meeting opened with a review of the agenda, and approval of minutes.

Scott Haywood and Cathy Moore presented the proposal for the Investigative Journalism Course. The proposal was approved.

Cassie Firth presented the information regarding the supplement to the Math Functions Course. This course is similar to that previously approved for other math courses. Because not all attendees had seen the supporting material. The Committee opted to have the information sent and an email vote regarding this program.

No further business came before the committee and the meeting was adjourned.

Addendum to Minutes:

The email requests for vote on the Supplement for Math Functions was distributed on Feb. 16, 2017, with a requested deadline for voting as Feb. 28, 2017. Votes were collected and the Supplement was approved.

Additionally, new curriculum approval forms were established through the Division Chairs meeting on March 28, 2017. Since, the form was established during the spring semester, it was requested that the two courses discussed by the Curriculum Committee complete the forms. The completed forms are provided as a supplement to these minutes.
